

Daniel Jackson locked up for charity.

October 15, 2008

In an effort to assist the local Muscular Dystrophy Association (MDA) in raising funds for the fight to defeat neuromuscular diseases, Daniel Jackson, Managing Broker of T. C. Lewis & Co. Properties served some 'jail time' along with other locals at the Outback steakhouse in Johnson City. We're glad to say that our Daniel was released back to us after the financial goal was met with the help of the local community.
